Projects

E-commerce App
07/2023 - 07/2023

This is my first real-life project with ReactJs. This Project has all modern features like add to cart, Buy, shopping, and payment options.

Portfolio Website

06/2023 - 07/2023

This is my official portfolio website. It has all the features of modern websites like scroll Animation, Emailing, attractiveness, mobile responsiveness, etc

Event Bubbling Game

PRESENT

This is my first game with Javascript.

Microsoft Website

07/2022 - 07/2022

I have cloned the Microsoft website with Tailwind CSS.

GitHub Profile search

02/2023 - 02/2023

I have built a little App for GitHub Profile search. With this, you can search any profile existing on the GitHub.

The Drawing App

07/2023 - 03/2023

I have build the Drawing App with Javascript.

Movie App

05/2023 - 05/2023

I have built the Latest Movie App with Javascript. Where you can search for any latest movie with its current rating and description.
